## Our people

6

## History

The process from mixed farming to a specialised tree nursery is paved with thorns. Hard work and a belief in one's own possibilities is most important.

10

## Assortment

A balanced assortment of deciduous trees, conifers, shrubs and fruit trees take root and grow at the nursery. A foretaste.

16

## Successful projects

With Sint-Oedenrode as a base Van den Berk Nurseries nurses complete green projects worldwide. A short survey.

22

## The Brothers

Jan and Paulus van den Berk are at the base of this company. They both have their own specific tasks within the management.

5

## Nursery

The loamy sand soils of Sint-Oedenrode are the fertile basis for the trees of Van den Berk Nurseries.

12

## Planting instructions

The planting of trees in clear pictures.
