

Acer platanoides 'Crimson Sentry'

Height	8-10 m
Width	6-8m
Crown	broad ovoid, dark, dense crown
Bark and branches	grey
Leaf	reddisch brown
Flowers	yellowgreen, flowers in April
Fruits	brown, inconspicuous
Spines/thorns	None
Toxicity	has toxic components
Soil type	clayed soil, loamy soil, sandy soil
Soil moisture	withstand short flood
Paving	tolerates partial paving
Winter hardiness zone	4 (-34,4 to -28,9 °C)
Wind resistance	good: cannot tolerate sea wind
Other resistances	resistant to frost (WH 1 - 6), can withstand wind
Fauna tree	resistant to frost (WH 1 - 6), can withstand wind, valuable for butterflies
Application	avenues and broad streets, industrial areas
Shape	clearstem tree

A medium-sized tree with a wide egg-shaped crown. Height up to 10 m. When mature strongly resembles 'Crimson King', but especially when juvenile it has a more slender crown. The leaf is shiny dark red all summer. Flowers and fruits are of the species. Is used as a park tree and as a solitary. Can be applied in smaller gardens as well. Grows on any soil, but does not tolerate stagnating groundwater and peaty soils. Good wind resistance. Winter hardiness zone: 4
