

## Tilia argentea

|                       |                                                                                           |
|-----------------------|-------------------------------------------------------------------------------------------|
| Height                | 25-30 m                                                                                   |
| Width                 | 15-25m                                                                                    |
| Crown                 | broad conical, half-open crown                                                            |
| Bark and branches     | grey                                                                                      |
| Leaf                  | green, greygreen                                                                          |
| Flowers               | light yellow, flowers in July, fragrant flowers                                           |
| Fruits                | green, grey                                                                               |
| Spines/thorns         | None                                                                                      |
| Toxicity              | usually not toxic to people, (large) pets and livestock                                   |
| Soil type             | clayed soil, loamy soil, sandy soil, peaty soil, all soil types                           |
| Soil moisture         | suitable for dry soil                                                                     |
| Paving                | tolerates paving                                                                          |
| Winter hardiness zone | 6a (-23,3 to -20,6 °C)                                                                    |
| Other resistances     | resistant to frost (WH 1 - 6)                                                             |
| Fauna tree            | resistant to frost (WH 1 - 6), valuable for butterflies                                   |
| Application           | avenues and broad streets, tree containers, roof gardens, coastal areas, industrial areas |
| Shape                 | clearstem tree, multi-stem treem                                                          |
